The length of the course and all intermediate distances must be measured by an independent qualified surveyor and an accurate, certified plan must be held by the HOC. This plan should be available for inspection by Chief Official at any time.

8.2.2 Both the start and finish lines must be marked with red flags at the points where lines intersect the outer limits of the course. The start and the finish lines must be at right angles to the course.

8.2.3 The standard course consists of up to nine (9) lanes. Each lane must be at least nine (9) m wide, straight and without any obstacles.

8.2.3.a The depth of the water in the entire course must be at least two (2) metres;

8.2.3.f The numbered buoys must be clearly visible to the athletes and to be on the corresponding athlete's right-hand side as they pass it;

10.3.10nz Paddling inside the regatta course (including the "red zone")/lanes is prohibited except for when competing in a race. A competitor/crew paddling on the course (other than in an actual race) may be disqualified from the entire regatta.

## 10.5 LONG DISTANCE RACES [SR]

### 10.5.1 Races of more than 1000 meters distance:

10.5.1.a Athletes may deviate from their lane, providing they do not impede other athletes;

10.5.1.b When a race is run on a course with turning points, these should be passed to port (i.e. in an anti clock-wise direction) unless instructions for clockwise turns are given prior to the competition;

10.5.1.c An athlete will not be disqualified for touching a turning point buoy. In making a turn, the boat may follow as closely as possible the course as marked by the buoys at the turning points;

10.5.1.d If there is a capsize the athlete or a crew is eliminated (DNF) from the race and they are not able to get in the boat;

10.5.1.e If equipment is broken during the race (e.g. paddle, boat, rudder, etc) athletes can receive help safely to fix the equipment or to get a replacement;

### 10.5.2 Group racing and overtaking

10.5.2.a When a boat is overtaking another boat, it is the duty of the overtaking boat to keep clear of other boat at all times;

10.5.2.b When athletes are racing in a group of boats it is the duty of all the athletes in the group to keep clear of other athletes at all time avoiding collision. This rule applies to any manoeuvring within the group.

### 10.5.3 - Failing to follow the correct course:

10.5.3.a - Should an athlete have failed to follow the correct course of the race (for example missed a turning buoy) the athlete has broken the racing rules and will be subject to a penalty;

10.5.3.b - If the Course Umpire believes the athlete has gained no positional advantage on other athletes: A time penalty of 10 seconds will be given to the offending athlete;

10.5.3.c - If the athlete has gained a major advantage and obtained positional places in the race by not following the course: A disqualification (DSQ) will be imposed;

10.5.3.d - Should a buoy be missed as a result of a collision in group racing during a turn this will be investigated and the boat that caused the collision will be penalised or disqualified (DSQ), The athlete who missed the buoy due to collision will not be penalised.

### 10.5.4 - Collision or damage

10.5.4.b - A collision can happen at any time within the group and is applicable for all parts of the course;

10.5.4.c - Any athlete who is considered by a Course Umpire or Chief Official to have been responsible for a collision, or who damages the boat or paddle of another athlete or unnecessarily deviates from the direct racing line or deliberately blocks or impedes the path of an athlete may be penalised or disqualified;

10.5.4.d - If it is considered that other paddlers have only had some minor disadvantages compare to other athletes as a result of the incident the responsible athlete will get a time penalty of 10 seconds;

10.5.4.e - If it is considered that the incident has caused other paddlers a major disadvantage the penalty will be disqualification (DSQ) of the offending athlete;

10.5.4.f - Time penalties as decided by the Chief Official are not subject to appeal.

#### 10.5.4 Lapped boats

### 10.6 FINISH [SR]

10.6.1 The boat has finished the race when its bow crosses the finish line with all crew members in it.

10.6.2 The Finish Line Judges will determine the result of the competition based on the order of the boats arriving.

10.6.3 If two (2) or more boats cross the finish line at the same time, they receive the same classification in the final ranking. In case of a dead heat finish for any position, which determines the advance to the next phase of the competition, the following rules will apply:

10.6.3.a Whenever there are sufficient number of lanes available in the next phase of the competitions, a drawing of lots will determine to which race these boats will advance. It is also possible to use lane number zero (0) or 10;

10.6.3.b Where there are not enough lanes available there will be a re-race between the boats involved after the last race of the day, or half-day programme;

10.6.3.c In case of a dead heat in a re-race, drawing of lots will determine the outcome.

10.6.4 If the photo finish confirms a dead heat of two (2) or more boats at the finish, the final ranking will be determined according to the best place achieved by those boats. E.g. two (2) or more may be recorded as first, second, third etc.

(The time should be recorded in 1/1000's and published in 1/100's of a second. In finals only, if the time difference between one boat and other boat(s) is 5/1000 seconds or less, the slower boats will be given the same time and position as the faster boat.)

### 10.7 DISQUALIFICATIONS [PR]

10.7.1 An athlete who breaks the rules before, during, or after a race must be disqualified from that race and will not progress further in that event (DSQ).

10.7.2 Should an athlete / crew complete a race in a boat which, upon post-race inspection, does not comply with the rules, that athlete or those athletes must be disqualified from that race and shall not progress further in that event (DSQ).

10.7.3 It is forbidden to receive external assistance during a race.

10.7.4 No athlete/crew may be accompanied along and adjacent to the race course by other boats while the race is in progress.

10.7.5 No athlete/crew may receive assistance by using objects thrown into the course.

10.7.6 Any of the above infractions will result in the disqualification of the athletes concerned (DSQ).

10.7.7 Disqualifications must be confirmed by the Competition Committee in writing immediately, giving the reasons. The Team Leader of the athlete/team must acknowledge the receipt on the notice copy with the exact time, which marks the start of the protest time.

10.7.8 Failure to deliver the copy confirmation of the disqualification to the Team Leader does not invalidate the disqualification.

10.7.9 The Competition Committee may discipline any athlete or Official whose behaviour is detrimental to the good order and conduct of the competition. The Competition Committee may disqualify him/her for that competition.
