COACHES CONFERENCE

CRNZ VISION: TO BE THE WORLD'S BEST PADDLING NATION

Coaches are a key aspect in supporting athlete development and achieving our vision. To maximise athlete development, we believe coaches must be connected, supported and offered development opportunities to be the most effective coaches they can be.

We are excited to open up for registration to the 2023 CRNZ Coaches Conference.

We are pleased to be delivering the conference face to face after a few years of travel disruptions.

Hosted by Canoe Racing NZ in partnership with High Performance Sport New Zealand, the CRNZ Coaches Conference is an opportunity to connect the New Zealand coaching community to explore key insights for effective preparation of athletes. We are also opening the conference to coaches from other sports, both as a contribution to the wider NZ coaching community and to create an opportunity for cross-sport learning.

We are delighted with the calibre of speakers and facilitators that will be joining us. Most sessions will be applicable to all sports. There will be some sessions that will deal directly with sprint kayaking, however we believe these sessions will also be of interest to the wider NZ coaching community.
