CRNZ Club Membership & Paddler Portal Information

Based on feedback and acknowledging the changing regulatory environment Canoe Racing New Zealand (CRNZ) has established the CRNZ Club Membership & Paddler Portal, provided by the technology platform JustGo.

The CRNZ Club Membership & Paddler Portal will encompass CRNZ's affiliated member clubs, be maintained by the clubs and individual members and will also be available for club members and other organisations and individuals involved in Canoe Racing NZ.

The CRNZ Club Membership & Paddler Portal allows clubs to complete annual affiliation with CRNZ through the CRNZ Club Membership area and maintain a current membership register on this platform. Clubs that integrate and utilise the whole system will be able to access the full features outlined in this document.

CRNZ acknowledge that clubs are varying in size and therefore CRNZ have sought to have the option for clubs to integrate and use the full features over and above annual club affiliation on the CRNZ Club Membership & Paddler Portal.

What is the need?

The need to update our club and national systems and practices to better align with recent regulatory changes and to plan for future.

The following factors have contributed to CRNZ taking the lead on behalf of its community to implement the CRNZ Club Membership & Paddler Portal:

- Changes to the Incorporated Societies Act requires greater oversight and compliance of members.
- Club administration workload is increasing and club volunteering, on a national sport wide basis, is reported as being in decline.
- Health and safety good practices requires more compliance and robust systems
- Online meeting, payment and systems are part of daily life.
- Today's Generation Z and Gen Alpha are engaging significantly more with technology than Generation X or Millennials
- E-learning has increased the reach and reduced the cost of attending/delivering educational sessions
- Technology platforms that manage information are now in all mainstream sports.
- Changes in payment processes to online credit and debit cards are mainstream and far outweigh traditional forms of payment e.g., sending invoice.
- Digitising programmes and content allows for more effective communication and better user experience.
- Greater need to understand membership and participation in the sport to measure growth, participant needs, trends and reporting

The CRNZ Club Membership & Paddler Portal aims to:

- Increase members participant engagement through an improved user experience and increased awareness and accessibility of opportunities.
- Manage coach, official and volunteer development and qualification on a centralised digital platform.
- Digitise programmes such as Try Learn Explore to help improve user experience and reduce the environmental impact of printing of booklets.
- Automate administrative tasks to reduce the workload on participants, clubs and volunteers
- Create a more streamlined registration for events, workshops and courses.
- Assist affiliated clubs to comply with the Incorporated Societies Act 2022 (by having an up to date register of their members), and with the Privacy Act 1993;
- Assisting affiliated clubs ensure CRNZ complies with its obligations.
- Create greater efficiency, more robust and financially safer systems that in turn reduces operational risk exposure to clubs and CRNZ.
- Increase data visibility for more accurate reporting and to better understand member needs and preferences.

What will change for Clubs and Paddlers?

Coach/Official/Volunteer Management

- All coach, official and volunteer development events and qualification management will be via the Portal. Individual profiles will contain a record of education. Digital passes will be issued as evidence of a Coaching/Officials/Volunteer awards. Police vetting will also be available via the portal.

Event Management

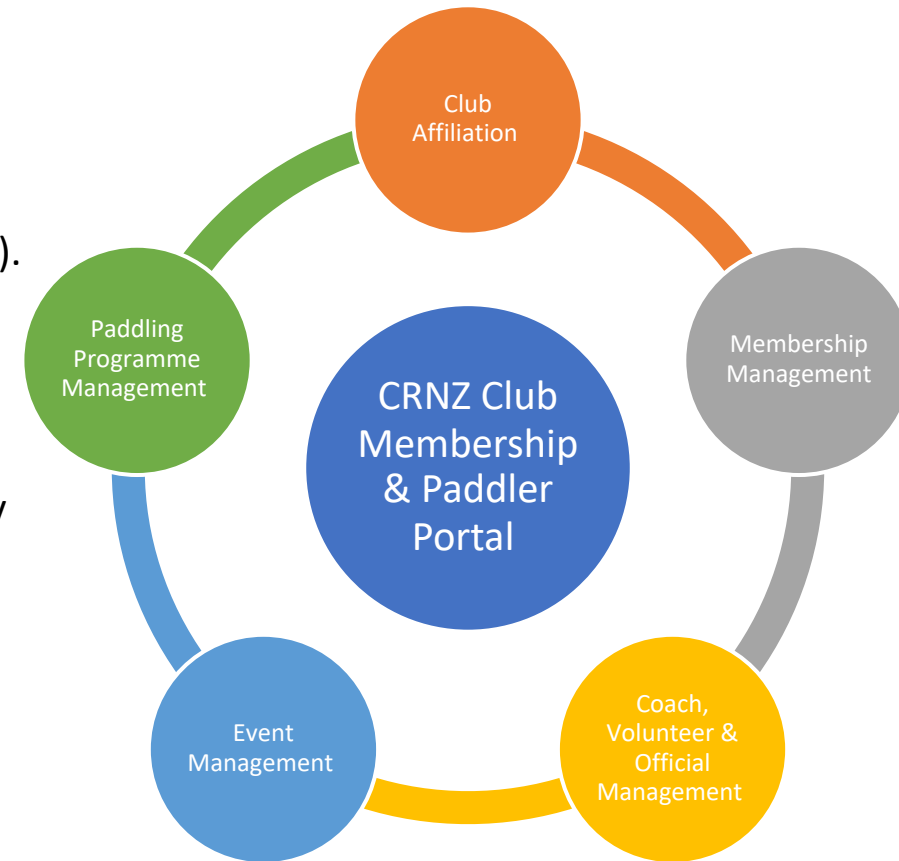

- Event entries and management will be via the portal (Sprint events still through clubs).

Member Management

- Paddlers will be able to create a profile and manage their qualifications, entries, events, purchase from the e-commerce shop.
- If clubs utilise the full feature list, paddlers will be able to purchase memberships, pay online, auto-renew, pay via payment plans and manage club related information.

Paddling Programme Management

- Try Learn Explore programme management including registration, payment will be onlined TLE approval will be online.
- Further benefits and functionality of the CRNZ Club
- Membership & Paddler Portal can be found in the appendix.

Who is the technology provider that we are using?

- Nearly 100 Governing Body customers across the globe
- British Canoeing, Paddle Australia, Surfing Australia, Triathlon Australia
- International presence and learning from this extensive customer community
- 24 x 5 dedicated support team to support clubs

User experience

Users can register in advance, join a waitlist, be given priority access, be notified of rearranged events or even moved to a new event.

Purchase journey

Attach data capture forms to tickets to ensure you capture the info you need before the event.

Ticket Intelligence

New member discounts, early bird, purchasing restrictions and segmentation can be set up with our purchase rules.

Event Management

Maintain event descriptions with any updates, access essential member info and allow club/school bookings.

Event Management

An event weblet can display all events created through the system on your own website.

Calendar

View the calendar of all events available for booking or registering interest

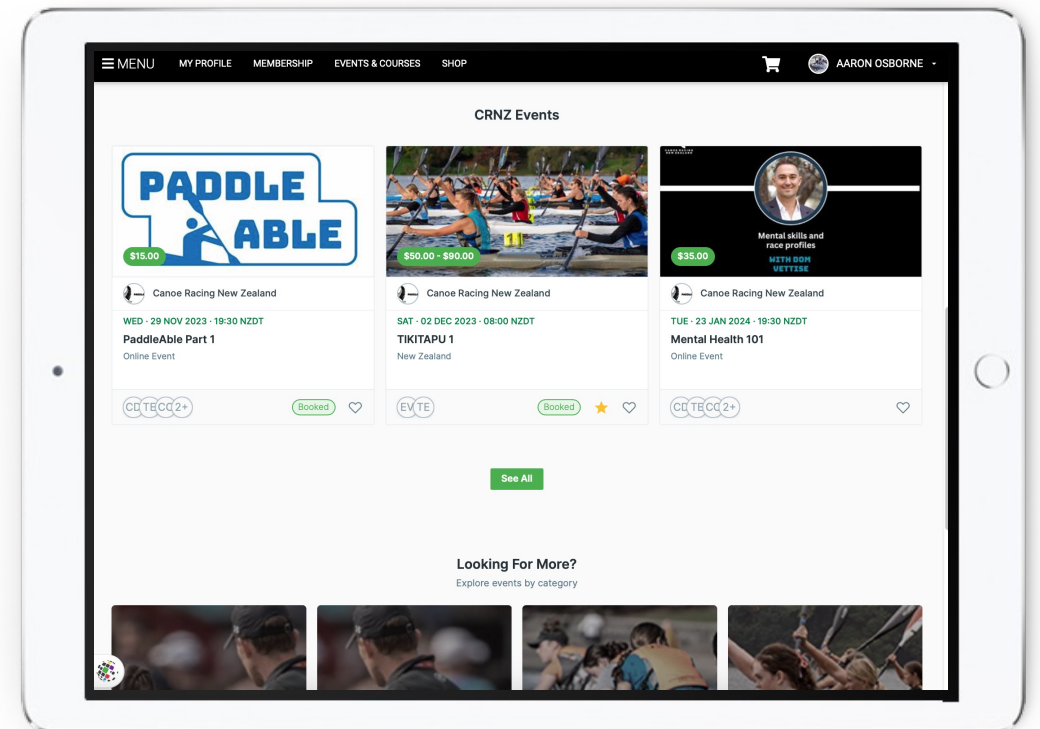

Search and filter

Search through categories, locations, name, event host and more

Login / Sign-up

If a new member is interested, they can sign up directly before purchase

Coach, Officials, Volunteer Management

Educational workshop courses: Manage all educational workshop courses through the events platform.

Manage database

Manage qualifications

Auto-updates: All qualification and workshop attendances automatically updated to member profiles.

Automated email reminders once a qualification expires.

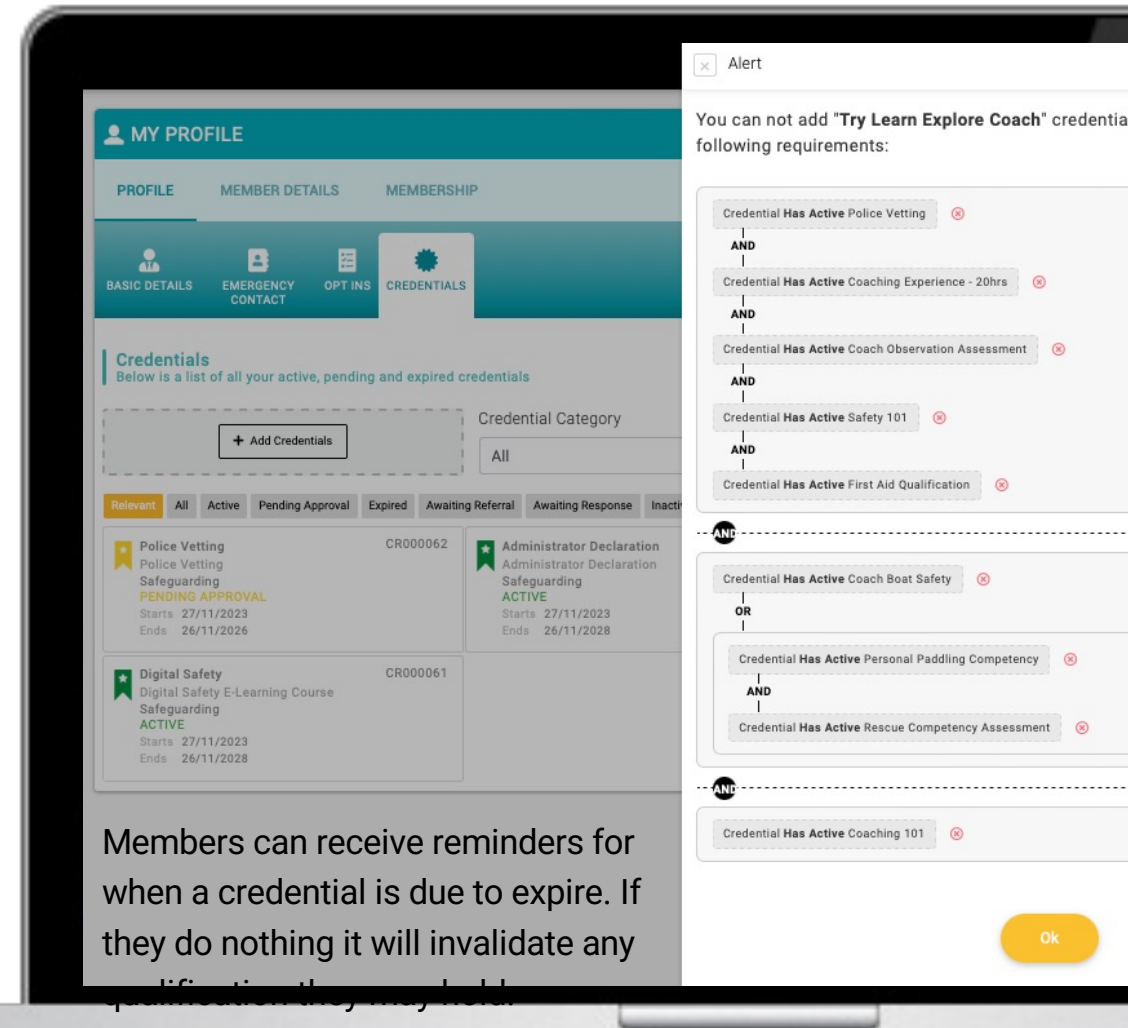

Expiry flags: Rules which automatically flag expired qualifications.

Pre-requisites: For example a coach may require a first aid certificate before they can have an active coaching award.

Automated police vetting and specific workshops requirements.

SportsTutor: A view (API) into SportsTutor, and ultimately a full integration (under development)

CPD: Ability to implement a Continual Professional Development (CPD) system

The image shows a laptop displaying a web application interface. The main screen is titled "MY PROFILE" and has tabs for "PROFILE", "MEMBER DETAILS", and "MEMBERSHIP". Below these are icons for "BASIC DETAILS", "EMERGENCY CONTACT", "OPT INS", and "CREDENTIALS". The "CREDENTIALS" section is active, showing a list of credentials with filters for "Relevant", "All", "Active", "Pending Approval", "Expired", "Awaiting Referral", "Awaiting Response", and "Inactive". Three credentials are visible: "Police Vetting" (Pending Approval), "Administrator Declaration" (Active), and "Digital Safety" (Active). An "Alert" dialog box is open on the right, displaying a list of requirements for a credential, including "Police Vetting", "Coaching Experience - 20hrs", "Coach Observation Assessment", "Safety 101", "First Aid Qualification", "Coach Boat Safety", "Personal Paddling Competency", and "Rescue Competency Assessment".

Members can receive reminders for when a credential is due to expire. If they do nothing it will invalidate any qualification they may hold.

Digital Wallet

On purchasing a membership, coaching & officiating awards and event tickets a Digital Card email containing downloads for android or apple.

The member can simply select the suitable method and download the card to their digital wallet at any time.

Cards are branded to your preference. A QR code can be scanned to get a real-time status of the membership or pass currently being held.

Membership Card

Membership Cards for all of your members. Showcase membership type, profile picture, public info.

Try Learn Explore

Issued upon successful completion of Try Learn Explore. Automated emails come with this.

e-tickets

E-ticketing allows you to issue QR code tickets with each event to allow access to ticket bookers through their smart phones.

Everything a member can do you can view or do for them.

Membership Reporting - A live view of current members

Live event booking reports - Keep track of all event bookings, to which event, what membership type does the member hold, and whether they've completed the additional data requirements before attending one of the events.

Control access - Administrator-level special access to can be customised.

Provide perfect support

If a member or club admin contact asking for help, you can simply jump into their profile and do it for them or walk them through it.

Stay informed

Email notifications for the most important system actions can be sent to your administrators so you never miss a thing.

Your data, your way

You can access all system data anytime. A number of standard reports are available at any time

E-Commerce Shop

An event weblet can display all events created through the system on your own website.

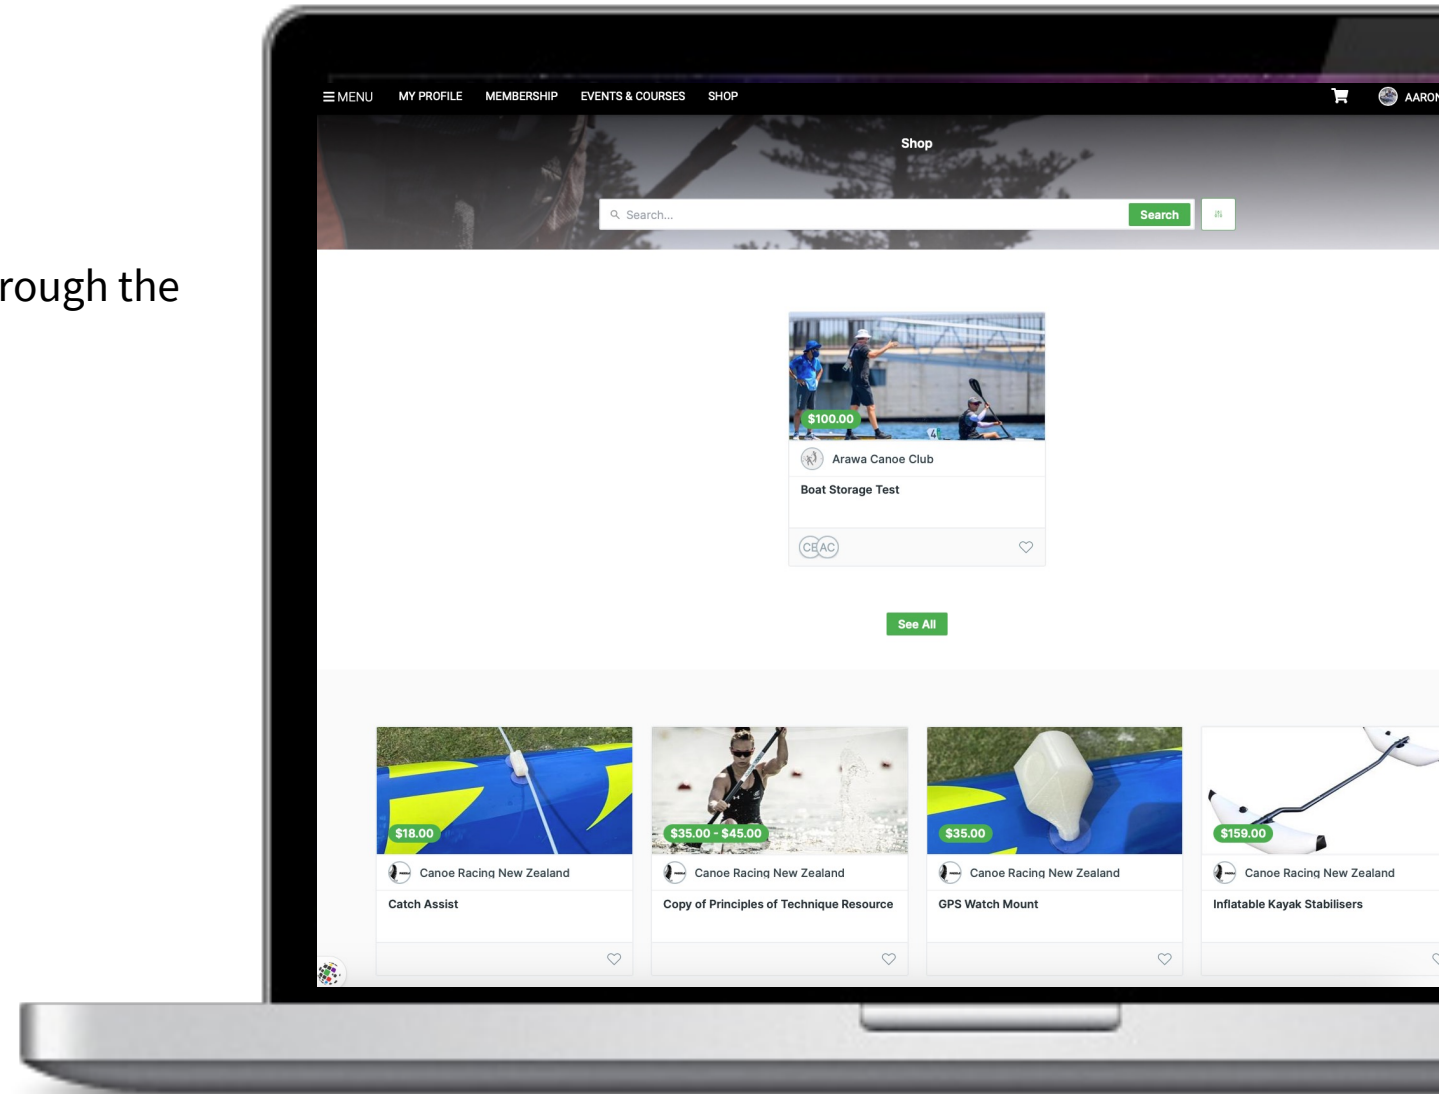

Search and filter

Search through categories, locations, name, event host and more

Login / Sign-up

If a new member is interested, they can sign up directly before purchase

Financial Management

Secure online payments

Subscriptions

Instalments

Automated payment reminders

Easily update payment information

Full or partial refunds

Fully traceable and reportable

In-depth financial reporting

Xero Integration (2024)

The screenshot shows a 'Checkout & Payment' page. At the top, there is a navigation bar with 'MENU', 'MY PROFILE', 'MEMBERSHIP EVENTS & COURSES SHOP', and a shopping cart icon. The user's name 'AARON OSBORNE' is visible in the top right. Below the navigation bar, the page title is 'Checkout & Payment'. There are two steps: '1 Order Review' and '2 Confirm Payment'. A message states: 'Below is a summary of your order, please review and then select a payment option.' The 'Order Summary' section shows: Total Items: 1, Item saved for later: 0, Net Total: \$159.00, Total (NZD): \$159.00. Below this are payment options: 'Request Invoice', 'Admin Pay', and 'Pay with Card'. There are also logos for VISA, MASTERCARD, and AMEX. A 'Remove All' button is present. The 'ITEM SUMMARY' section shows a product: 'Inflatable Kayak Stabilisers (aaron osborne) - Inflatable Kayak Stabilisers (EV000007) Canoe Racing New Zealand' with a quantity of 1.00. The item price is \$159.00, tax is \$0.00, and the total is \$159.00. There are 'Save for Later' and 'Remove' buttons. Below this is the 'ITEMS SAVED FOR LATER (0)' section with a 'Hide saved items' toggle. A discount code field with an 'Apply' button is present. An 'Update' button is at the bottom of the discount section. The 'Order Summary' is repeated at the bottom of the page.
